Any Key Objectives?

Syncs all data to a new BSA FILE - then Launches Email to Prospect, and to YOU!

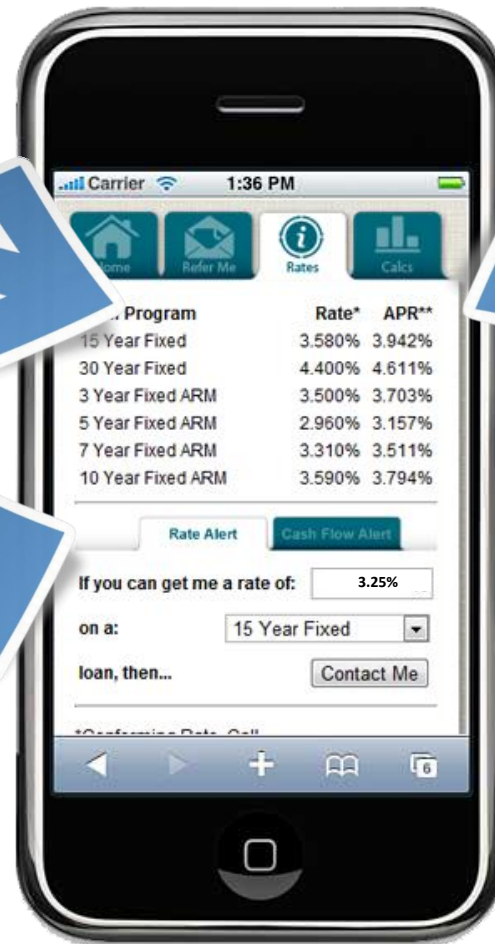

Rates & Alerts

Loan Programs:

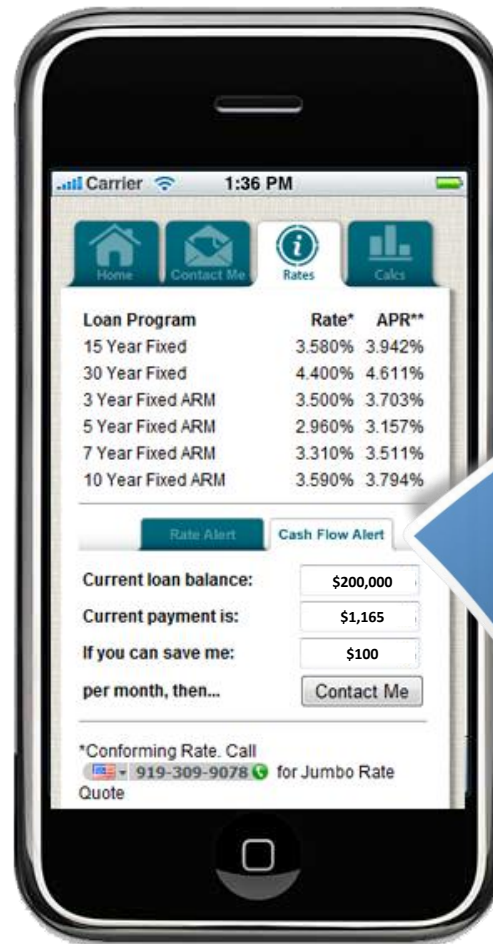

All programs from your BSA Defaults will show up here!

There is a Rate Alert feature: It allows the client to set a rate and program and it will watch for their target rate, when triggered it will send you and the client an email!

We'll use your current interest rates you've put in BSA, or if you leave those blank we'll publish the national average for each product +25bps.

Rates & Alerts

The Cash Flow Alert, allows the client to input their current loan balance, current payment, and a target cash flow savings – when triggered it will send you and the client an email!
